Andy's Trading Plan

Markets:	<p>Euro FX (6E), Gold (GC), Crude Light (CL), Natural Gas (NG), E-Mini S&P 500 (ES), E-Mini Dow (\$5) (YM), E-Mini NASDAQ 100 (NQ), E-Mini Russell 2000 (RTY)</p> <p>It is possible to follow my trades using micro or mini contracts instead of the normal futures contracts!</p>
Trading Hours:	<p>From 7:00 AM – 10:00 AM US Central Time (sometimes longer if necessary) I usually start about 10 minutes earlier to explain the “road map” for the trading day.</p>
Risk & Money Management	<p>I am trading a \$30k account with a risk of about 1% per trade. I announce the numbers of contracts for each trade during the live trading session.</p> <p>I don't allow more than 2 losing trades on one trading day. After 2 losing trades I simply stop trading for that specific day.</p> <p>Risk and Money Management are essential for good trading results!</p>
Strategy:	<ol style="list-style-type: none"> 1) Recognizing the “main behavior” of the market on a longer time frame 2) Looking for trading opportunists on a shorter time frame. 3) Looking for low risk entries with a high probability of success. <p>The different time frames of the charts might change over time but you will see what I am using when you see me trading. I am showing all charts that I am using during the live session.</p> <p>All in all the strategy is easy to explain: looking for low risk entries with the chance of a nice payout!</p>
Additional Notes:	<ol style="list-style-type: none"> 1) Trading is usually a very boring job and that is what you will find out in our live trading room as well. Very often, I just don't get anything to trade for a day or two or even a complete week. 2) This room is not an entertainment room. If there is nothing to trade, I don't trade. I will only talk about the important trading related facts during the trading session because even during “boring” trading times I try to stay focused. Things can change very quickly. 3) I do not allow chats during the live trading otherwise it would distract me too much from the trading. I ask you to send me via email (andy@tradingeducators.com) all your questions that arise during the trading session. I will answer them as good as I can via email or during the next live trading session. I will also run a separate session once in a while where you can ask all the questions you have. 4) I will not trade on some days where I think trading doesn't make sense (because of a holiday or a report or anything else). Once in a while I might also skip a trading day just because I don't feel “well” for whatever reason.

FAQs

What markets do you trade?

Euro FX (6E)

Gold (GC)

Crude Light (CL)

E-Mini Russell 2000 (RTY)

E-Mini S&P 500 (ES)

Natural Gas (NG)...and others!

All markets are trading at the Globex.

What time of the day do you trade?

Between 7:00 AM and approx. 10:00 AM, U.S. Central Time. Sometimes longer if necessary!

Do you trade every day?

Yes, but we don't trade on holidays, and often we skip the day before the holiday as well as days with important reports.

What account size do you recommend?

To trade the way we do requires an account size of \$20,000 - \$30,000, but depending on your brokers margin requirements, you can even use a smaller margin account.

What language do you use in the trading room?

We use English as the major language in the trading room, but you can write to us in English, German, or Spanish.

What Trading Software do you recommend and what Charts are you using?

I am using CQG Integrated Client with so called TTFlow charts but you can use any charting software you want. I am mainly looking at 5 and 120 or 60 minute charts during trading times but I am checking longer time frames like 240, daily, weekly, monthly on a regular basis before trading starts.

Can I ask Questions during trading?

NO! Because day trading is a highly competitive job, I need full concentration on the markets and therefore the chat option of our communication software is switched off during trading hours. But feel free to send me an email with your questions. Once in a while, whenever I don't trade because of whatever reasons, we will meet in the room to chat.

If you have any questions, or need help with anything, please don't hesitate to contact us at: andy@tradingeducators.com

RISK OF LOSS IN FUTURES TRADING

THE RISK OF LOSS IN TRADING COMMODITY FUTURES CONTRACTS CAN BE SUBSTANTIAL. YOU SHOULD THEREFORE CAREFULLY CONSIDER WHETHER SUCH TRADING IS SUITABLE IN LIGHT OF YOUR FINANCIAL CONDITION. IN CONSIDERING WHETHER TO TRADE OR TO AUTHORIZE SOMEONE ELSE TO TRADE FOR YOU, YOU SHOULD BE AWARE OF THE FOLLOWING: YOU MAY SUSTAIN A TOTAL LOSS OF THE INITIAL MARGIN FUNDS AND ANY ADDITIONAL FUNDS THAT YOU DEPOSIT WITH YOUR BROKER TO ESTABLISH OR MAINTAIN YOUR POSITION. IF THE MARKET MOVES AGAINST YOUR POSITION, YOU MAY BE CALLED UPON BY YOUR BROKER TO DEPOSIT A SUBSTANTIAL AMOUNT OF ADDITIONAL MARGIN FUNDS, ON SHORT NOTICE, IN ORDER TO MAINTAIN YOUR POSITION. IF YOU DO NOT PROVIDE THE REQUIRED FUNDS WITHIN THE PRESCRIBED TIME, YOUR POSITION MAY BE LIQUIDATED AT A LOSS, AND YOU WILL BE LIABLE FOR ANY RESULTING DEFICIT IN YOUR ACCOUNT. UNDER CERTAIN MARKET CONDITIONS, YOU MAY FIND IT DIFFICULT OR IMPOSSIBLE TO LIQUIDATE A POSITION. THIS CAN OCCUR, FOR EXAMPLE, WHEN THE MARKET MAKES A "LIMIT MOVE". THE PLACEMENT OF CONTINGENT ORDERS, SUCH AS A "STOP LOSS" OR "STOP LIMIT" ORDER, WILL NOT NECESSARILY LIMIT YOUR LOSSES TO THE INTENDED AMOUNTS, SINCE MARKET CONDITIONS MAY MAKE IT IMPOSSIBLE TO EXECUTE SUCH ORDERS. THE HIGH DEGREE OF LEVERAGE THAT IS OFTEN OBTAINABLE IN FUTURES TRADING BECAUSE OF THE SMALL MARGIN REQUIREMENT CAN WORK AGAINST YOU AS WELL AS FOR YOU. THE USE OF LEVERAGE CAN LEAD TO LARGE LOSSES AS WELL AS GAINS. THIS BRIEF STATEMENT CANNOT, OF COURSE, DISCLOSE ALL THE RISKS AND OTHER SIGNIFICANT ASPECTS OF THE COMMODITY MARKETS. YOU SHOULD THEREFORE CAREFULLY STUDY FUTURES TRADING BEFORE YOU TRADE. THE PERFORMANCE RECORD THAT HAS BEEN PRESENTED TO YOU IS BASED ON HYPOTHETICAL PERFORMANCE.

IT IS VERY IMPORTANT THAT YOU READ AND UNDERSTAND THIS STATEMENT ON HYPOTHETICAL RESULTS

HYPOTHETICAL PERFORMANCE RESULTS HAVE MANY INHERENT LIMITATIONS. NO REPRESENTATION IS BEING MADE THAT ANY ACCOUNT WILL OR IS LIKELY TO ACHIEVE PROFITS OR LOSSES SIMILAR TO THOSE SHOWN; IN FACT, THERE ARE FREQUENTLY SHARP DIFFERENCES BETWEEN HYPOTHETICAL PERFORMANCE RESULTS AND THE ACTUAL RESULTS SUBSEQUENTLY ACHIEVED BY ANY PARTICULAR TRADING PROGRAM. ONE OF THE LIMITATIONS OF HYPOTHETICAL PERFORMANCE RESULTS IS THAT THEY ARE GENERALLY PREPARED WITH THE BENEFIT OF HINDSIGHT. IN ADDITION, HYPOTHETICAL TRADING DOES NOT INVOLVE FINANCIAL RISK, AND NO HYPOTHETICAL TRADING RECORD CAN COMPLETELY ACCOUNT FOR THE IMPACT OF FINANCIAL RISK OF ACTUAL TRADING. FOR EXAMPLE, THE ABILITY TO WITHSTAND LOSSES OR TO ADHERE TO A PARTICULAR TRADING PROGRAM IN SPITE OF TRADING LOSSES ARE MATERIAL POINTS WHICH CAN ALSO ADVERSELY AFFECT ACTUAL TRADING RESULTS. THERE ARE NUMEROUS OTHER FACTORS RELATED TO THE MARKETS IN GENERAL, OR TO THE IMPLEMENTATION OF ANY SPECIFIC TRADING PROGRAM, WHICH CANNOT BE FULLY ACCOUNTED FOR IN THE PREPARATION OF HYPOTHETICAL PERFORMANCE RESULTS, ALL OF WHICH CAN ADVERSELY AFFECT TRADING RESULTS.
